

MANUFACTURING MORE OPPORTUNITIES

BUSINESS CONSULTANTS SET SIGHTS
ON NEW LOGOS IN MANUFACTURING

Case Study Provided by MEADEN & MOORE / meadenmoore.com

LET US WORK FOR YOU

Meaden & Moore is not the typical manufacturing supplier Factor helps, but that didn't stop the Factor process from providing revenue generating leads for them.

As a consulting firm focused on providing accounting, business, and financial services to businesses, they enlisted Factor's service to set their sights on growing this business within all manufacturing industries. The results in 6 months are 6 new logos, and that's only the beginning.
